

# UHU FLUFFY SLIME

---

## Ingredients:

- 1 UHU Glue Pen
- Food colour
- 2 cups Shaving foam
- 10 tsp Contact lens **multipurpose** solution

## Tutorial:

1) Mix 1 UHU Glue Pen with food colour.

2) Add 2 cups of shaving foam and mix everything well.

3) Add 10 tsp of contact lens fluid.

4) Mix again thoroughly.

5) In the end, the Slime should detach well from the sides. If not, add more contact lens solution.

6) Knead the Slime until it has the desired consistency.

Tip: To reuse the Slime later, please pack it airtight.
